- OPS slot

Applications

- Retail
- Hospitality
- Corporate
- Education

X4680I-U2

TouchSystems' X46 is designed for 24/7 operation and is meant to attract attention in high-traffic spaces through its slim bezel, sleek design, and bright screen. The full HD LCD display is complemented by the LED BLU, a component that lowers energy consumption and costs. The display features a standard Open Pluggable Specification (OPS) slot that results in easier installations and maintenance. The X46 is integrated with an infra red technology that provides six touch points. It is **Windows 8** ready. For more information, call the TouchSystems sales team at (512) 846-2424.

Specifications
